Who We Are.

PRODUCERS is a production and post production creative services company.

We enjoy engaging with clients who aspire to do great work.

At PRODUCERS, we do it the old-fashioned way. We employ experts in their respective fields – Directors, Producers, Editors, Colorists, Motion Designers, Sound Mixers and Composers. All doing their thing, what they do best.

Budgets have become tighter. Expectations have become higher. Work has to be done efficiently and creative ideas have to be executed at a high level.

And that is our daily challenge. It's what gets us pumped. Getting from A to Z. On time, on budget, producing a great product and always exceeding expectations.

Small brands or large brands – all the same once they pass through our doors. We put forth the same quality, same expertise, same passion.

Our goal is always to do great work and create long lasting relationships.

Let us know what we can do for you.

Our creative editorial staff is equipped with all the latest gear, including all the current editing platforms at their disposal – Avid, Final Cut and Premiere.

The latest gear is nothing if you don't have the experience and the creative juice behind it. And we've got just that. Our editorial staff has over 30 years of experience collectively. They've been there and done that.

When it comes to color correction and finishing without limitations, we've got you covered with the latest technology – Quantel Rio.

We have massive storage capabilities to handle all sizes of projects, making your assets accessible to all creative suites in the facility.

And we are absolutely meticulous when it comes to archiving your work.

It is safe, secure and easily accessed at any time.

Whatever challenge is thrown their way, whatever idea that seems unattainable, our designers step up to the plate.

Provided the best tools... the fastest computers... the latest software and plug-ins, we have put our designers in a position to do what they do best – design.

2D, 2.5D, 3D, character animation, tracking, compositing, type design, you name it.

So bring it on.

They aim to please.

The background features a series of horizontal, wavy lines in shades of orange and yellow, creating a sense of motion and depth. A central cluster of more complex, glowing lines in white and yellow is positioned on the left side, appearing to radiate or flow towards the right. The overall effect is dynamic and energetic.

VO Casting

Our experienced staff of audio mixers knows how to optimize sound quality, appropriately use digital audio effects, assist with the right music selection and create the most pleasing overall audio mix for your project.

With state-of-the-art equipment at their fingertips they work effortlessly to master the best sound around. VO records, ISDN, ADR, foley, surround and mix to pics. We offer stock music from a variety of music libraries.

With our streamlined post production process – by the time you walk from an editing or design suite to one of the audio suites, your picture has arrived and your audio session is already in the works.

Singing

Our very talented composer and sound designer has composed original music tracks for many national brands - including spots for Whole Foods, Dick's Sporting Goods, Netflix, Priceline and Toyota. He has also composed tracks for movie trailers including Concussion starring Will Smith, along with web content for brands such as Nike, REI and SAP.

In his former life he spent ten years as a touring musician, producing multiple albums with his band.

Here are some samples of his work for your listening pleasure -
